Annual Review 2020

ORGANIZATION

- Department of Theoretical and Computational Molecular Science
  - Division of Theoretical Molecular Science I
  - Division of Theoretical Molecular Science II
  - Division of Computational Molecular Science
  - Division of Theoretical and Computational Molecular Science*

- Department of Photo-Molecular Science
  - Division of Photo-Molecular Science I
  - Division of Photo-Molecular Science II
  - Division of Photo-Molecular Science III
  - Division of Photo-Molecular Science IV*

- Department of Materials Molecular Science
  - Division of Electronic Structure
  - Division of Electronic Properties
  - Division of Molecular Functions
  - Division of Materials Molecular Science*

- Department of Life and Coordination-Complex Molecular Science
  - Division of Biomolecular Functions
  - Division of Biomolecular Sensing
  - Division of Complex Catalysis
  - Division of Functional Coordination Chemistry
  - Division of Life and Coordination-Complex Molecular Science*

- Research Center of Integrative Molecular Systems
  - Division of Trans-Hierarchical Molecular Systems
  - Division of Functional Molecular Systems
  - Division of Biomolecular Systems

- Center for Mesoscopic Sciences
  - Division of Quantum Systems
  - Division of Supersensitive Measurements
  - Division of Broadband Multiscale Analysis

- Division of Advanced Molecular Science
  - Division of Research Innovation and Collaboration
  - * Visiting Professors

- Research Facilities
  - UVSOR Synchrotron Facility
  - Instrument Center
  - Equipment Development Center
  - Research Center for Computational Science (Okazaki Research Facilities)

- Technical Division

- Councillors

- Director General

- Advisory Committee

- Research Enhancement Strategy Office
