NOUS operation during the emergency declaration

Following the emergence of an emergency declaration accompanying the spread of the new coronavirus infection, NOUS operations personnel were also required to respond individually, such as working from home.
Therefore, we may not be able to respond promptly to various applications and inquiries from everyone.
In the unlikely event of a system failure, NOUS operation may be temporarily suspended.
We apologize for any inconvenience this may cause to you who are using this system, but thank you for your understanding and cooperation.

- Please enter your Login ID and password and then click the “Login” button.

If you have forgotten your password, please click the “Reset Password” button in the green bar at the upper part of the screen. If you would like to know more about how to reset your password, you can find the details in the relevant guidelines listed on the IMS website.

The screenshot shows the NOUS login interface. At the top, a green navigation bar contains links for 'NOUS', 'Help', 'New User', 'Reset Password', and 'Contact Us'. The 'Reset Password' link is highlighted with a yellow box and an arrow pointing to a callout box. The main content area is titled 'Login with your credentials' and features two input fields: 'Login ID' and 'Password', both highlighted with red boxes. A 'Login' button is located to the right of the password field, with a yellow box and arrow pointing to it. Below the input fields, there is a 'Shibboleth' section and a note stating 'Authentication provider (IdP) must be a NOUS service provider (SP).'. A yellow callout box at the bottom left provides instructions on how to find the Login ID.
